“Had a workshop today and really enjoyed it; I've learned a lot from this workshop and would really recommend it”

Domestic abuse or violence is a pattern of coercive, threatening, controlling behaviours including emotional, mental, physical, financial and sexual abuse.

Domestic abuse and violence can happen to anyone, regardless of gender, by an immediate partner or family member.

STEPS TO SUPPORT A SAFETY PLAN

- Telephone PSNI 999 if in crisis
- Decide and meet with your trusted person, to disclose you are affected by domestic abuse
- Decide and agree a Safety Plan and Safety Codeword
- Telephone or call into an organisation who deals with domestic abuse and/or violence when it is safe to do so
- Do you need a solicitor in relation to any safety and safeguarding measures for you and your child/children?
- Clear all telephone logs and internet search history
- Make a journal of any incidents
- Gather your documentation (eg. photo ID, mortgage details, child trust documents, medical number, insurance policies, bank/credit union info) and leave with a trusted person
- NEVER DOUBT YOURSELF - YOU ARE CAPABLE OF SO MUCH MORE THAN YOU THINK
